## About a W-9 or W-8BEN

In Section 7, you will be requested to submit a W-9, completed with the full business name. This will have only one TIN (Tax Identification Number).

It might be a Federal Employer Identification Number (EIN) or a Social Security number (SSN)

1. NOTE: The EIN is a nine digit number – two digits, a dash, followed by 7 digits. (For example: 12-3456789) This is different from a social security number. When using an EIN, the business name will usually NOT be an individual person's name. The acronym FEIN and EIN are used interchangeably
2. A Social Security Number is granted to an individual, and is also a nine-digit number. (123-45-6789)
3. A sole proprietor can offer their Social Security number, but the W-9 cannot then use a business name, or a dba. The W-9 must be in the name of the individual... and a 1099 will be issued in that name
4. A W-9 does NOT have to be signed to be valid.
5. [Foreign corporations and individuals operating outside the USA will submit the applicable form W-8... Referenced in Section 7](#)
